CYCOCEL® Extra is a registered trademark of BASF.

PRECAUTIONS:
1. KEEP OUT OF REACH OF CHILDREN.
2. Do not take internally.
3. Avoid inhalation of vapour, dust, or spray mist and contact with eyes, skin or clothing.
4. Wash thoroughly after handling and before eating, drinking or smoking.
5. Wear protective equipment and clothing, including goggles or face shield, approved respirator, gloves (rubber, PVC, neoprene or nitrile), hat, long-sleeved shirt, trousers and rubber boots.
6. If clothing becomes contaminated, remove and wash separately from household laundry before reuse.
7. Do not contaminate domestic or irrigation water, lakes, streams or ponds by the cleaning of equipment or the disposal of wastes.
8. Do not enter or allow worker entry into treated areas for 12 hours following application.
9. Do not apply where runoff or erosion is likely to occur.
10. Do not apply when environmental conditions may cause drift from treated areas.
11. Clean spray equipment thoroughly after use.

FIRST AID:
IF SWALLOWED: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.
IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for further treatment advice.
IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

NOTICE TO USER:
This pest control product is to be used only in accordance with the directions on the label. It is an offence under the Pest Control Products Act to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION:
Treat symptomatically.

STORAGE:
1. Store in original, tightly closed container.
2. Do not ship or store near food, feed, seed or fertilizers.
3. Store in cool, dry, locked, well-ventilated area without floor drain.
4. Herbicides should be shipped or stored separately from other pesticides to avoid cross-contamination.
5. Protect from freezing.

DISPOSAL:
Do not reuse this container for any purpose. This is a recyclable container, and is to be disposed of at a container collection site. Contact your local distributor/dealer or municipality for the location of the nearest collection site. Before taking the container to the collection site:
1. Triple- or pressure-rinse the empty container. Add the rinsings to the spray mixture in the tank.
2. Make the empty, rinsed container unsuitable for further use.
If there is no container collection site in your area, dispose of the container in accordance with provincial requirements.

STORAGE:
For information on disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for clean-up of spills.

NOTICE TO USER:
This pest control product is to be used only in accordance with the directions on the label. It is an offence under the Pest Control Products Act to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.

**GREENHOUSE PLANTS**

Cycocel Extra is a plant growth retardant that enhances the aesthetic appearance of geranium and poinsettia. Treated plants are more compact with shorter internodes, stronger stems and smaller darker green leaves.

**DO NOT APPLY**

- During periods of drought or stress
- If treated crops or cut for hay
- If untreated seed will be used
- In areas to be cultivated

**APPLICATION**

- Apply in 200-400 litres of water per hectare.

**MIXING**

1. Add about half the required water to the spray tank.
2. Add the recommended quantity of Cycocel Extra, then the remainder of the water.

**RESTRICTIONS AND LIMITATIONS**

- Do not apply when crop is under stress from prolonged cold weather or poor fertility of other factors.
- Do not apply when crop is wet or if rain is expected within four hours.
- Do not apply by air.

**GREENHOUSE PLANTS**

- Avoid application when plants are pot bound.
- Apply based on pot size or diameter.
- Do not apply Cycocel Extra in combination with these materials.

**ENVIRONMENTAL HAZARDS**

- Observe buffer zones specified under DIRECTIONS FOR USE.
- Use the chemical may result in contamination of groundwater particularly in areas where soils are permeable (e.g. sandy soil) and/or the depth to the water table is shallow.
- To reduce runoff from treated areas into aquatic habitats avoid application to areas with a moderate to steep slope, compacted soil or clay.
- Avoid application when heavy rain is forecast.
- Contamination of aquatic areas as a result of runoff may be reduced by including a vegetative strip between the area and the edge of the water.

**RESTRICTIONS AND LIMITATIONS**

- Do not mix with other pesticides except monosodium nitrate or nitrite granules.
- Do not mix with other pesticides except monosodium nitrate or nitrite granules.
